

This overview was compiled from the information published on robustbook.com and is **not a manufacturer datasheet**. The manufacturer's own specifications are the binding source.
As at: 08 August 2026. A manufacturer PDF is available for the Durabook S15 (Durabook, dated 02 December 2025); see the links below.

Core data

Display size	15.6 inch
Resolution	Full HD (1920 x 1080)
IP rating	IP53 (optional) [1]
MIL-STD	MIL-STD-810H
Brightness	1,000 nits (optional)
Processor	Intel® Core™ i5-1235U with vPro™ (12th generation, 12 MB cache, up to 4.4 GHz) (standard); optional Intel® Core™ i7-1255U with vPro™ (up to 4.7 GHz)
Memory and storage	Memory 8 GB to 64 GB (4800 MHz DDR5, 2 slots) · SSD 256 GB to 2 TB PCIe NVMe (optional 2nd/3rd SSD)
Battery	Li-Ion, 7.4 V, 7600 mAh, 12 hrs. runtime; no second battery; optional bridge battery (5 min. swap time)
Weight	2.6 kg
Operating temperature	-20 °C to 60 °C
Interfaces	Thunderbolt 4 × 1 · USB 3.2 Gen 2 (Type-A) × 2 · USB 3.2 Gen 2 (Type-C, DP-capable) × 1 · audio combo jack × 1 · microSD × 1 · RJ45 Ethernet × 1 · VGA × 1 · HDMI × 1 · RS232 × 1 · Nano SIM × 1; optional docking connector

Configurable

Yes, interactive configurator on the product page

Equipment and options

Excerpt from the equipment list on the product page. The full list with all variants is in the [configurator on the product page](#). No prices, no availability commitments.

- RAM options: upgrade to 32 GB or 64 GB
- Storage options: 512 GB, 1 TB or 2 TB PCIe SSD, also as a two-SSD combination
- Processor upgrade: Intel® Core™ i7-1255U
- Windows downgrade: Windows 10/11 LTSC Enterprise (depending on processor)
- Display option: 15" sunlight-readable Full HD (1,000 nits)
- Communication: 4G LTE or 5G mobile with GPS combo
- Integrated options: RF pass-through, fingerprint scanner, bridge battery, backlit keyboard, LF/HF RFID, discrete graphics card (NVIDIA RTX A500), 2nd LAN & 2nd RS232, smart card reader, docking connector, webcam variants
- Power supply: vehicle adapter, spare power supplies (90 W / 120 W / USB-C), battery charger (2 bays)
- Docking & connectivity: office dock, USB 3.0 and USB-C docking station
- Extended warranty, accidental damage protection and extended battery warranty selectable

Configuration options

The S15 is one of three Durabook laptops with an interactive configurator. Configurable groups: RAM, data storage, display (display selection), communication, power supply/batteries, warranty (extended/accidental damage/battery), docking/vehicle solutions. Individual selection values and prices are only available in the [configurator on the product page](#), not here.

Data notes:

1. **Corrected:** The IP rating was previously „IP5X“ without qualification. The manufacturer datasheet states „IP 53 certified (optional)“ – the rating is therefore optional equipment, not standard.
2. **Corrected:** Thunderbolt 4 was previously missing entirely from the interfaces list. The manufacturer datasheet lists „Thunderbolt 4 x 1“ as standard equipment.
3. **Known data contradiction (not resolved):** The accessory for charging the battery is called „Battery Charger – 2 Days“ in the product page's configurator, and „Battery Charger – 2 Bays“ in the equipment list on the same page (part number **DC2S5_**). Both names come from [/en/laptops/durabook-s15](#); which one is correct can only be clarified by the client. The manufacturer datasheet does not name this accessory.
