Configurable	Yes, interactive configurator on the product page

Data notes:

1. **Resolved, with correction:** Thunderbolt 4 was per the product page (manufacturer description: „2x USB 3.2 Type A and 1x Thunderbolt 4“), while the detail table of the [comparison table: tablets \(German\)](#) listed Thunderbolt 4 only for the R10, not for the U11I. The manufacturer datasheet confirms Thunderbolt 4 as standard equipment, but corrects the USB 3.2 Type-A count: 1x standard, a second connector is optional (not 2x as previously shown).
